Our innovative, unique and comprehensive **PAIDEIA** program provides a supportive and collaborative learning environment, in which students can develop and expand their Greek language and cultural horizons.

## Comprehensive Literacy Program “Modern Greek Paideia”

**The Greek Community of Toronto** is a world leader in Greek Language Education. It has initiated a collaboration with the University of West Macedonia (Greece), in order to develop [PAIDEIA](#).

**Paideia is a complete Greek Language Program** that integrates the teaching of language and culture in a proficiency based model. The syllabus for each grade level, from Kindergarten to grade 12, addresses the learning needs of students who study Greek as a second/foreign language.

Specifically, Paideia includes the following:

1. **A Comprehensive Curriculum Document** that is based on the Common European Framework of Reference for Language. The goal is for our students to acquire Internationally Recognized Language Attainment Certification through the Ellinomatheia Exams.
2. **Student books for grades 1-12**. Each book contains 30 cross-curricular units of study, that help students systematically develop all aspects of language (listening, speaking, writing, reading, grammar etc.)
3. **Teacher guides** for all grades, which contain detailed lesson plans.
